

Sonstiges

Joomla: Erweiterung lässt sich nicht aus Webkatalog installieren.

1.) Navigate to your joomla's plugins/installer/webinstaller/webinstaller.php file

2.) change:

```
public $appsBaseUrl = 'http://appscdn.joomla.org/webapps/'; // will be https once CDN is setup for SSL
```

to:

```
public $appsBaseUrl = 'https://appscdn.joomla.org/webapps/'; // will be https once CDN is setup for SSL
```
