

Cyrus Part V: Creating and Deleting a User Mailbox in Cyrus IMAP

How Do I Create a New Mailbox

1. Connect to the the Cyrus administrative console:

```
cyradm -user cyrus [hostname] [port]
```

2. Create the mailbox:

```
cm user.[new_mailbox]
```

3. Repeat the last step to create any subsidiary mailboxes.

How Do I Delete a Mailbox in Cyrus Email

1. Connect to the the Cyrus administrative console:

```
cyradm -user cyrus [hostname] [port]
```

2. Set the Access Control List (ACL) to obtain permission:

```
sam user.[mailbox] cyrus all
```

3. Delete the mailbox:
